Objective

I have been working at the Faculty of Engineering / Muthanna University since 2008. I received my bachelor's degree in 2008 from the University of Technology – Baghdad.

I obtained a Masters degree from the St Petersburg State University in 2017 in Computer Engineering - Software Engineering Department.

I am self-motivated, ambitious and eager to learn. I am a responsible individual with strong communication skills and work ethics besides being creative, focused and highly determined. I am willing to take responsibility and work independently. At the same time, I can work well in teams.

Looking for both personal and professional growth makes me capable of working confidently under pressure. My background and growing up experience has given me a deep insight in the culture and society together with a wider scope in the world of business.
